

MODEL A480

PNEUMATIC PUSH TYPE COMBINATION STEEL STRAPPING TOOL

Features

- Suitable for strapping bars, bundles, pipes, coils and packages having a small surface
- If used for stationary operation the tool may be suspended on a spring loaded balancer using a suspension bracket

MODEL A480

PNEUMATIC PUSHER TYPE COMBINATION TOOL FOR STEEL STRAPPING

Standard Features

Due to its low weight the A480 does not necessarily have to be suspended. This permits more mobile operation. Ideal for strapping tubes, wire coils and all kinds of small bundles, it is a handy and popular tool in numerous industries. Available in two different tensioning levels.
