

## MODEL 482

### PNEUMATIC PUSH TYPE COMBINATION STEEL STRAPPING TOOL

---

#### Features

- Ideal high performance strapping tool for metal products i.e. coils, loads of bars, pipes, bundles, rods and curved or irregularly shaped packages.
- The perfect double notch upcut joint is accomplished in a single operation.
- The low weight of the tool allows a mobile operation without any suspension system

# MODEL A482

## PNEUMATIC PUSHER TYPE COMBINATION STEEL STRAPPING TOOL

### Standard Features

This pneumatic combination pusher type strapping tool is perfect for mobile or stationary operations in the steel and non-ferrous industries. Its small base plate and low weight make it an ideal tool for mobile application of strapping on irregularly shaped objects.
