Two adjustable table heights of 732 mm (28 7/8") or 642mm (25 1/4") from floor

Model D-53Y2

Semi-Automatic Side Seal Strapping Machine

Product Features

The D-53Y2 is a new addition to the D-53 series. A side seal semi-automatic strapping machine is used in extremely hostile environments where moisture and debris would damage a conventional tabletop machine.

Designed for the food, lumber, brick and tile industries, the body is coated with rust resistant paint. Internal components are standard as found on the D-53Y2. The strap dispenser is located on top of the machine to protect the strap in the harsh environments.
